Boys and Girls in a variety of age groups competed for prizes in a Round Robin format in both Singles and Doubles Events. 58 entrants took part from Monday 15<sup>th</sup> January to Thursday 18<sup>th</sup> January with Finals in all events being played on the Thursday. This tournament saw the introduction of grading, where players were paired so as to give the doubles competition evenness across all players competing. The intensity and skill level of all players was superb and their demeanour and behaviour on and off court was tremendous and was a credit to all.

Many of the matches went to Match Tie Breakers or were very close and this is a credit to all players who just wouldn't give in (even though it was putting the timetable out) they showed great spirit keep it up.

Finals day saw lots of action with even a few upsets occurring and plenty of crowd support for the players who produced some scintillating tennis.

Below is the list of results.
